

# SPoRT Partners Virtual Workshop

## Welcome and Introduction

by Gary Jedlovec  
SPoRT Principal Investigator

*transitioning unique NASA data and research technologies to operations*

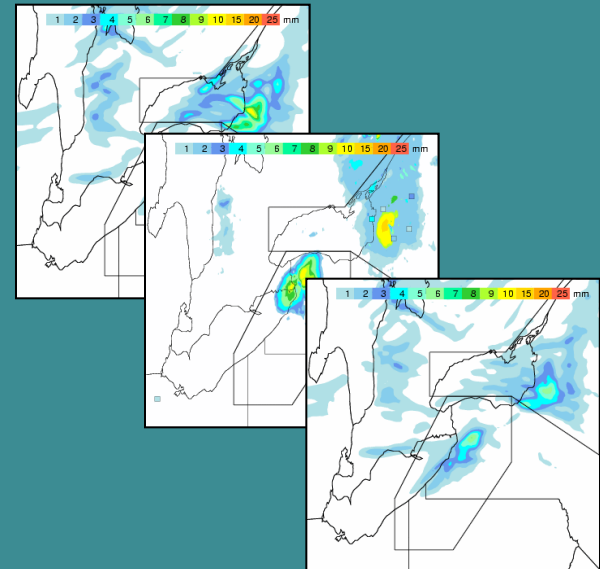

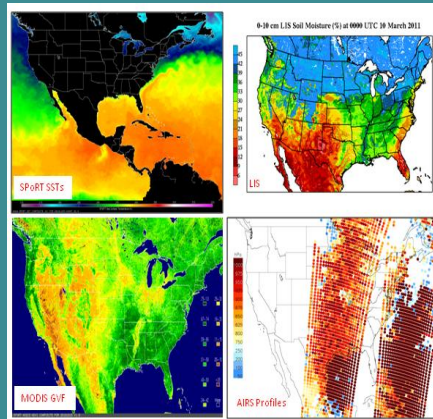

# Welcome!

## 3<sup>rd</sup> SPoRT Partners Workshop

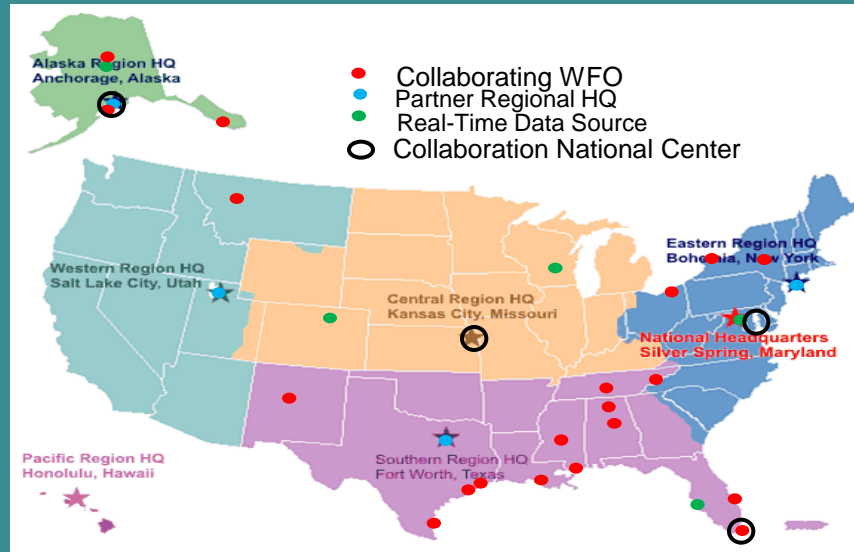

- o Southern Region SOO Workshop, July 2006, Huntsville, AL
- o Partners Workshop March 2010, Huntsville, AL
- o 2011 Partners Virtual Workshop (VW) – broad participation

## Presentations from 8 WFOs and 3 Regions

- o local and regional modeling
- o applications / products
- o convection and severe weather

# SPoRT Partners

## Scope of SPoRT Collaborations

- o 3 initial offices in 2002
- o Added in 2005-2007 – additional interior and coastal
- o Expanded collaborations in 2010-2011
  - Eastern & Pacific Regions
  - GOES-R Proving Ground activities

# VW Expectations / Outcomes

## Science Sharing

- o Learn about new activities at SPoRT
- o Hear what other WFOs are doing
- o Peer-to-peer interaction – facilitates enhanced product use

## Evolution of Collaboration

- o Learn how SPoRT can work more collaboratively with WFOs and WFOs more collaboratively with each other
- o Develop a shared vision for the future

**Presentations will be available for review on SPoRT web site**
